

Hilton Fort Collins Press Release

Our Blue Energy Committee is raising money to support a family this holiday season. We received a gift list for a family of 5 (the parents and 3 children) from the Timberline Church. We are collecting money from November 30th through December 18th, and then purchasing the gifts on the 19th. We will then meet with the family at the church on December 22nd to give the gifts.

Our Blue Energy Committee is also giving back to the community by buying Bikes for the Bikes for Tykes program. This program is run by the Realities Foundation which is one of our non-profit clients. We plan on buying 3 bikes and helmets and delivering them to the local bike shop on December 19th. Our employees are excited to give back to our tight knit community.
