Embassy Suites by Hilton Monterey Bay – Seaside Unveils Stylish New California Coastal Design

Seaside, Calif. – November 9, 2017– Embassy Suites by Hilton Monterey Bay -- Seaside has completed a multi-million-dollar renovation evoking the coastal beauty of the California beachfront that lies just two blocks away. The stylish refresh encompasses the hotel's restaurant and lounge, all guestrooms, meeting space, and the open-air atrium lobby.

A sea-inspired palette of sand, gray, blue and turquoise is carried throughout the hotel with accents of wood and stone enhancing the natural feel. Warm and inviting, the updated guest suites are stylishly furnished and feature local art work and textured finishings. The atrium is now one level, creating a more inviting and open area for gathering, and flows directly into the restaurant and lounge.

With over 16,000 square feet of usable function space, the Embassy Suites Monterey Bay hotel is perfect for conventions, meetings and it is highly regarded for spectacular weddings. Two ballrooms break into 10 sections with ceilings up to 14 feet. The hotel also features three smaller spaces for board meetings, all of

which have upgraded internet capabilities and select meeting rooms now have ceiling mounted projectors in addition to drop down screens.

“We’re very pleased with the renovation results and the visual connection it creates to our hotel’s coastal setting,” said Teri Owens, general manager of the Embassy Suites by Hilton Monterey Bay – Seaside.

“We’re confident that guests will share our enthusiasm for the new look and can’t wait for them to experience all of the new updates.”
